

MULTI-USE TRAIL PUBLIC MEETING

Thursday, Feb. 28 at 7 p.m.
Baddeck Community Centre

As the multi-use trail overpass nears completion, the Victoria County Trails Federation is planning for the future and your input is needed.

The overpass will soon provide hikers, bikers, skiers, ATVers, snowmobilers, and other users, safe and legal access from Baddeck to the trails systems throughout northern Cape Breton, and the hope is to further develop trails in the local area.

This meeting is an opportunity for area residents to let us know where opportunities exist to develop new trails and expand physical activities. Representatives from SANS, ATVANS, local hiking, skiing, and biking groups will be in attendance.

Everyone Welcome!
